

# Greenlands State School

## School review conducted 21 to 22 April 2022

Every Queensland state school is reviewed by the Department of Education at least once every four years. School reviews provide important feedback to support schools in continuing to deliver quality education and improve learning outcomes for students.

### Review highlights

- ✓ Staff are dedicated to students and the school.
- ✓ A positive culture with a focus on student support and wellbeing.
- ✓ The school has strong academic outcomes.
- ✓ An attractive environment that encourages learning.

### Consultation

**Total of 65 interviews**

**6 community members and stakeholders**

**14 school staff**

**33 students**

**12 parents and carers**

**Each school review generates a number of key improvement strategies to inform continuous improvement in all state schools. The next steps are...**

- ➔ Collaboratively develop a model of collegial engagement based on transparent communication, agreed school procedures and standards of practice, and clear processes for change management to build professional trust and mutual respect across the school.
- ➔ Collaboratively develop a sharp and narrow plan for the enactment of the explicit improvement agenda with clear alignment of actions and strategies for implementation within set timelines, and roles, responsibilities and accountabilities for all staff members.
- ➔ Revise and review the school-developed curriculum programs to ensure alignment to the Australian Curriculum (AC).
- ➔ Collaboratively develop an agreed whole-school pedagogical approach that enables teachers to draw on a range of high impact signature practices and strategies in alignment with the AC and student needs.
- ➔ Collaboratively determine and systematically implement an agreed observation and feedback process designed to enhance capability in relation to the school's signature pedagogical practices and develop the instructional leadership capabilities of key members of staff.
